2960 mm

890 mm

FRONT MANDATORY!

BACK OPTIONAL

Every team gets 3x5 meters two floor PITBOX (the depth of flat surface can vary depending on particular place).

That includes:

Pitbox - 1 piece;

Electricity point. Overall electricity power for all the PITLANE shall be 80KW max. No more than 2KW per team is available. For every team disposal 10m2 space with roof on the second floor is available.

5 free tickets for the team guests to the pitzone, with possibility to buy more. For more information info@racing.lt. Every team gets a possibility for the advertisement tents on the Pitbox (see next slides for more information). Any advertising on the Pitbox or pavilions cannot be higher then 1,2 m above the fixing point and must be confirmed with the Organizer

ADVERTISING / POSSIBILITIES

1. The front advertising is mandatory. There must be a team name, race car number, team's nationality and surnames of the team drivers. 1 piece - 2960x890 mm.

2. 1 piece on the back of Pitbox (2960x890 mm) (optional);
3. 1 piece on the back of Pitbox (2980x1910 mm) (optional). This is as well the entry to the Pit so we suggest to keep it in mind and make it easy to enter with the zipper or buttons.
4. 2 pieces PIT inside on second floor 2960x890 mm (optional);
5. 1 piece PIT 2nd floor transparent, guarding from wind and rain (2960x890mm) (optional, provided by organiser);
6. Fence (up to 1m height), guarding your zone from the other Visitors. Must leave a way to walk from behind (can be with your advertisement).

RECOMMENDATION TO SETUP YOUR PIT

Standart team Pitbox 2nd floor looks like this:

We highly recommend for the teams to set up the Pitbox for their guests.
